Technical Data Sheet

Neptun Safety Footwear embarked on its journey in 1977, gaining recognition for its exceptional quality and pioneering innovation. The brand established a new standard in safety with its patented metatarsal protection featured in PVC boots. Our products are meticulously designed to provide optimal protection. This technical data sheet serves as a comprehensive guide to help you select the perfect boot tailored to your needs.

SHOVA CHELSEA

Renowned in the market for its distinctive features and exceptional comfort, the Shova gumboot stands out as the premier choice for those seeking a durable and versatile footwear solution. Crafted with meticulous attention to detail and certified under EN ISO 20347 standards, the Shova prioritizes the wearer's comfort and safety.

NEPTUN
SAFETY FOOTWEAR

BENEFITS

The Shova general-purpose gumboot has several features and variations that make it ideal for a wide range of industries. The safety features of the Shova gumboot are made with the wearer in mind. One of its standout features is its unique cleat design, engineered not only to prevent sole failure but also to provide unparalleled sole support. Additionally, the gumboot features strategically placed ankle recesses and a tapered design, ensuring optimal comfort even during prolonged periods of use. Whether in demanding work environments or everyday tasks, the Shova gumboot delivers reliability and comfort without compromise.
